BAN SIX MEN FOR 10 YEARS FROM N.B.O.P.

F. of L. Pottery Union Acts Against District Men In Court Suit

ATLANTIC CITY, N. J., July 6—(AP)—Six members of the National Brotherhood of Operative Potters (AFL) have been barred for ten years from any active part in the affairs of their local unions.

The six were charged and found guilty by the union's convention last Saturday of violating the union's constitution by taking to an Ohio court a suit challenging pay increases for top officials of the brotherhood. The case now is in the Ohio court of appeals.

Harry Gill of East Liverpool, Ohio, managing editor of the union newspaper, "The Potters Herald," announced the ten-year ban of the six men yesterday. The convention has been held behind closed doors here.

Unseated as delegates, Gill said, were Harry Finlay, E. C. Armstrong and Norman Whipple, all of East Liverpool. The three other men affected by the ban were Clyde McDaniell and Sheldon Johnston of East Liverpool and Ed Jones of Sebring, Ohio, Gill said. They were not present for the trial.

Ousted From Office In addition, Armstrong was ousted as President of the union's local 124 and Whipple was removed as recording secretary of the same local.

The ten year ban bars the six men from representing the union in wage conferences or as delegates to AFL conventions, as well as holding any office or taking "an active part in the affairs of their local unions," Gill said.

Four other members, charged with "malicious political activity," were fined \$50 by the convention delegates, Gill added. Finlay said the charge grew out of last May's union election when he and two other candidates for president opposed the reelection of James M. Duffy of East Liverpool. Duffy has been union president for the past 22 years.

Gill said George Crossen of East Liverpool and Ray Hammond of Steubenville, Ohio, were found guilty and will be "sentenced" today on charges of "passing out handbills" opposing Duffy's reelection. President Duffy stepped down as chairman of the convention in the week-long trial, Gill said. His place was taken by James Coffey of Cambridge, Ohio.

ALLIANCE, July 6—The death of Mrs. Elizabeth Hanny, 69, who was fatally injured yesterday when she fell from a second story window where she sought relief from the heat, was ruled accidental today by Stark County Coroner E. C. Reno.

Her son, Earl, said his mother told him after he picked her up from the ground that she went to the window to get some air because she was feeling short of breath.

Her husband, Daniel C., and two sons survive.

TEACHER MEETING TO PONDER 'RED' PROBLEM TODAY

By FRANK HART  
BOSTON, July 6—(AP)—Communism is expected to develop into a red hot issue today at general sessions of the National Education association.

The problem moved toward the general chamber yesterday when one teacher taxed another with membership in what he described as "a party line organization."

Observers indicated the issue and others concerning Communism would be carried to the main floor today and at other sessions.

Principals in the tilt were Rose Russell, legislative representative of the CIO Teachers' Union of New York City, and John K. Norton of Columbia university's teachers college.

Held Policy Group Norton is chairman of the NEA educational policy commission. The commission recently issued a statement calling for a ban on Communist party members as American teachers.

The statement was signed by Columbia president, Dwight E. Eisenhower and James B. Conant, president of Harvard university. At a separate meeting of 300 teachers considering the statement yesterday, Miss Russell said the commission report was "ill-conceived, ill-timed and ill-omened."

She said it would "continue the cold war, cause friction and hysteria and start a witch hunt." She declared it erred in trying to make education "an instrument of national policy."

Her statement brought Norton to his feet asserting that "the lady you have just heard represents an organization which has consistently followed the Communist party line."

Miss Russell demanded the "right to reply," but Norton overruled her. Meanwhile the association took under consideration a proposal to exclude Communists from membership. It will be acted upon later.

The proposal to amend the NEA's by-laws was offered by William F. V. Saunders of New York.

Perspiring Ohioans Get Answers On Heat

COLUMBUS, July 6—(AP)—Perspiring Ohioans are asking these questions about the current hot weather and Forecaster George Mindling supplies the answers:

(1) Any prospect of a break in the heat wave? No. At least, through Friday.

(2) Any cool air coming from Canada? Not for Ohio through Friday and doubtful if any such relief arrives after that.

(3) Any chance of rain? Prospects good for a few scattered showers, particularly in northern Ohio. Not enough, however, to give heat relief.

(4) Any general slump in the humidity? No.

(5) Will it get hotter? It'll remain about the same.

TRUCK ROAD GETS BACKING

Carriers Lend Support To Plan For Cutoff Highway

Salem wants a by-pass for truck traffic.

Apparently Salem isn't alone in this desire. For city council's safety committee chairman, George Chappell, has been flooded with mail supporting the idea from all points of Ohio and neighboring states.

Chappell said he has been receiving letters from trucking and supply concerns which use highways into and through Salem.

All are writing the state highway director, Ted Kauer, asking that he push plans and proposed construction of the by-pass project, Chappell added.

The campaign of letters to Kauer, however, is not a spontaneous thing. It comes about through the initiative of Chappell and his committee.

Follow Through Some days ago the safety committee sent letters to a large number of firms, whose trucks use Salem streets and area highways, and explained the proposed by-pass north of the city.

In doing so the committee asked the firms, if they were interested in seeing such a project carried out, to write the state highway director asking his support of the plan.

Almost to the letter, the firms took up the committee's request and wrote immediately to the state department. Most firms sent copies of their letters to Salem city council to verify their action.

One outfit, Lattavo Brothers, Inc., of Canton, sent a representative to Columbus to discuss the project with Kauer. He reported to Chappell by letter that the director had promised action as soon as the state's traffic survey here was finished.

Another letter to Chappell, from Parke W. Davis, treasurer of M & G Convoy, Inc., an auto transport firm, said the matter was being taken up with the National Automobile Transportation association and would receive the

REILLY SCHOOL PROJECT BEGUN

Excavation is well under way on the Reilly school addition project. The areas immediately south and west of the old school have been dug out to a depth of about 20 feet.

Work is being carried on by the Campbell Construction Co. of Warren, the firm which constructed the new Baptist church.

The addition will cost about \$395,000 and will include 14 rooms, a gymnasium-auditorium, kindergarten, a music room, a movie room, a crafts room and a combination kitchen-lunch room. The school will be ready for the 1950-51 school term. It is a part of the Salem board of education's overall \$1,810,000 school expansion program.

Three other projects have been completed. The new Buckeye school was opened last term, and additions at McKinley and Prospect schools will be ready this fall.

BUSINESSMEN FRIGHTENED INTO SLUMP

Senator Flanders Says That Is Main Danger In Current Trend

By MARVIN L. ARROWSMITH

WASHINGTON, July 6—(AP)—Senator Flanders (R-Vt.) said today the only real danger to the nation's economy is the possibility of businessmen "frightening themselves into a recession."

The Vermontor, who used to be a manufacturer, expressed the hope that President Truman will address a "darn good pep talk" to merchants and manufacturers in the economic report he is scheduled to send to congress soon.

"Many of them are pursuing a perfectly silly course by curtailing their supply of goods and materials when there is no good reason for doing so," Flanders told a reporter.

Plenty of Demand "There still is plenty of consumer demand for goods at the right prices, but a reduction of inventories and a subsequent cut in production could dry up the market artificially and cause trouble."

Flanders is a member of the senate-house economic committee, which will study the President's forthcoming report. He was chairman of the board of Jones and Lawson Machine Co. in Springfield, Vt., until he resigned in 1946 to become a senator.

The senator said he is inclined to think it would be best for the government to adopt a hands-off policy with respect to business conditions at present.

"This situation, this slight falling off of business will be over very shortly if the government will just go slow and confine its role for now to just some good advice," Flanders declared.

The President, he added, should tell business that "there are in existence no fundamental barriers to good employment, good wages and good inventories."

Point To Dangers, Claim "He ought to call attention to the elements of strength in the overall situation, and point out the dangers of a policy of timidity," Flanders said.

There has been some talk in congress that Truman, in his mid-year economic report, might finally stop insisting on enactment of the anti-inflation program he first outlined in 1947.

Senator Sparkman (D-Ala.), for one, has said that the President ought instead to map plans for "safeguarding us against a skidding economy."

Flanders commented, however, that he doesn't look for Truman to back away altogether from his inflation control program.

"I think he probably will budge a little on that and emphasize that he told congress in January that we ought to be prepared for reversibility of controls."

SENT TO PEN FOR ROBBERY OF STORE

LISBON, July 6—James Austin of Cleveland, who was convicted of burglary and larceny and safe breaking in connection with the robbery of the McBane-McArtor drug store in Salem last Dec. 30 when narcotics and money were stolen, was sentenced to the Ohio penitentiary Monday afternoon by Judge Barclay W. Moore.

Austin was sentenced to consecutive terms of from one to 15 years for burglary and larceny, and one to 20 years for safe-cracking.

Ronald Lewis of Wellsville, recently declared sane by Dr. Bushong of the Lima State hospital after a 30 day period of examination, withdrew a former plea of innocent to auto theft and entered a plea of guilty to the charge before Judge Joel H. Sharp. A request for probation was referred to officers for investigation.

Expect Fast Action On State's Appropriations

By REED SMITH

COLUMBUS, July 6—(AP)—Fast action is predicted today on legislation to appropriate \$162,000,000 for various state functions.

The measures carry the following allocations:

Funds to run the state during July and August—\$61,000,000  
State money to match local poor relief and expenditures—\$2,000,000.

General Assembly Close Uncertain

COLUMBUS, July 6—(AP)—Gov. Frank J. Lausche and legislative leaders failed to agree Tuesday night on a formula for quick adjournment.

The governor dined top-ranking senators and representatives at the mansion in the hope of deciding on an end to the present session. The legislature began its seventh month Tuesday in above 90-degree heat.

"We discussed the legislative program but reached no decision," Lausche told newspaper men.

The gathering reportedly was sparked by House Speaker John F. Cantwell (D-Mahoning). He wanted a decision on "must" legislation to be passed so the legislature could quit work in mid-July.

"I don't know when we'll adjourn now," Cantwell said later. Sen. Margaret A. Mahoney (D-Cuyahoga), senate majority leader, said there were only three "must" measures in her book—the biennial budget, capital improvements and sundry claims bills.

The catch to adjournment is a series of measures to appropriate large sums not included in the two-year budget. Revenue-raising measures to finance them are stalled in committee. When that deadlock is broken, adjournment will be swift, leaders indicated.

One senator reportedly walked out of the gathering during the discussion at the mansion meeting. Members of the finance, taxation and rules committee of both houses attended.

Guests besides Miss Mahoney and Cantwell included: Senators Howard M. Metzgerbaum (D-Cuyahoga), Cline Jackson (D-Mahoning), Nicholas P. Bernard (D-Mahoning), and Reps. James M. Carney (D-Cuyahoga), Thomas J. Barrett (D-Mahoning), Paul Hinkle (D-Mercer).

Terms Treaty As Shield For U. S. Against Russia

By DON WHITEHEAD

WASHINGTON, July 6—(AP)—Senator Vandenberg of Michigan today asked the senate to ratify the North Atlantic pact as a shield for free men against "embattled, greedy Communism."

He opened the second day of debate on the 12-nation alliance with the double-barreled statement that (1) Communism is the sole threat to world peace and (2) its final target is the United States.

The treaty will be a warning to would-be conquerors, Vandenberg said in his prepared-in-advance text, that 300,000,000 people will resist aggression.

As Republican leader in foreign affairs, he added the weight of his prestige to that of Senator Connally (D-Tex.) who led off in the debate yesterday.

As Vandenberg spoke, senate leaders saw a good chance to win final approval of the treaty in less than a week of debate. They were encouraged by a general lack of opposition to the pact and its stated purpose of heading off any attack on the western, non-Communist world. A two-thirds vote of approval by the senate is needed to bind the U. S. to the treaty.

Vandenberg called the treaty "the best available implement to discourage armed aggression and thus to stop another war before it starts."

And then he turned to Communism. He said the world's "precious values" are in jeopardy in today's "tortured world."

"The jeopardy does not stem from us," he went on. "No, Mr. President, it stems from embattled, greedy Communism abroad and at home."

Vandenberg declared that "open conspiracies" are aimed ultimately at the United States.

"We cannot run away from it," he told the senate. "There it is, pact or no pact. We are the final target, though other independent peoples are in near jeopardy."

The treaty is designed to minimize the threat of this jeopardy, Vandenberg continued, adding:

"Much as we might crave the easier way of lesser responsibility, we are denied the privilege. We cannot turn back the clock. We have no choice as to whether we shall play a great part in the world. We have to play that part. We have to play it in sheer defense of our own self-interest. All that we can decide is whether we shall play it well or ill."

Vandenberg agreed with Connally that a vote for the treaty will not commit any senator to vote for the proposed program to re-arm the pact nations.

The proposed arms plan faces far tougher opposition than the treaty. President Truman is expected to send the arms program to congress after the pact is ratified.

Vandenberg said the real

## Boyle's Column

By HAL BOYLE

NEW YORK—Jimmy never can forget how old man Jaspers con-

ned him.

He told me about it as we sat in his new apartment with his latest wife, Rosabelle.

"I went to work for him during the war," said Jimmy. "He owned a big independent soft drink business—cherry, grape, lemon, ginger ale—anything that fizzed. And he shipped to five states."

"How did Mr. Jaspers ever get such a big business, honey?" asked his wife.

"I told you a dozen times!" said Jimmy. "He got it the same way you got me—he stole it! Go mix us a drink."

Rosabelle tripped out to the kitchen, looking pleased at this version of their marriage.

"WELL, ANYWAY," said her husband, "good men were hard to get about then, and it didn't take this old joker long to see I knew my way around. So he made me his general manager."

"Then he began having these strokes. They didn't make him goofy. They just kept him in bed. But every day I had to go out to his house after work and tell him what was doing at the plant."

"What kind of a man was this Jaspers, Jimmy?"

"Crazy about money. His first wife divorced him after she caught him snuggling with her maid."

"And then when his ex-wife fell in love and married another guy with less money, it made old Jaspers mad. Just to spite her he built a \$100,000 house over in New Jersey—stingy as he was—and up and married the maid. But it didn't bother his first wife. By then she didn't care if Jaspers ate \$1,000 bills for breakfast. She was happy."

Rosabelle came in with the drinks.

"What put me in solid with the

old geezer," Jimmy went on, "was the way I could scrounge sugar on the black market. We could sell all the pop we could make. The trouble was in getting the sugar and I found how to get plenty."

"HE HAD NO way to check up on me, and for a time I was considering going into business for myself—using his plant. I could've cut a few of the boys in, and we could've run off a thousand or so cases extra at night and sold them ourselves. But my wife was against it."

"Yes," Rosabelle said, looking at him fondly. "It was dishonest—and you might have been caught."

"About this time I got a better offer," said Jimmy. "I went to the old man, and he told me, 'stick to me, my boy. I'll take care of you. The business is going to belong to you and a few oldtimers at the plant when I'm gone.'"

"Naturally, I stuck. Every day I'd go out and the first thing he'd ask was, 'how many cases today?' I'd tell him, and he'd smile and say, 'you'll never regret you stuck by me.'"

"Tell him how old Jaspers died," prodded Rosabelle.

"He got a big stroke one morning. He was real weak when I came to see him. He smiled when I told him business was fine. Then he held my hand and whispered, 'don't leave me, Jimmy. I'll take care of you well.'"

"That night he died. When his will was filed, I rushed out to the courthouse. Well, there were a lot of pages in the will—but the name 'Jimmy' wasn't on any of them."

"No," said Rosabelle, "the old skinflint left everything to the maid and their two children. And that was the first time his neighbors knew he had re-married. He'd told everybody his wife was just the housekeeper and the children were adopted."

Jimmy looked a little smug.

"You know a man has to take care of himself," he said. "There weren't any invoices on that black market sugar, and I managed to make myself enough to furnish this place and put \$5,000 in the bank. But what gets me is the way old Jaspers conned me—he conned me with his dying breath."

"Yes," said Rosabelle, "the things some people will do for money!"

## CHIANG APPEALS FOR MORE U. S. AID FOR CHINA

NEW YORK, July 6—(AP)—Chiang Kai-Shek appealed for United States aid in combatting the spread of Communism in China, in an interview reported today by Clyde Farnsworth, Scripps-Howard staff writer.

The interview was obtained at Taipei, Formosa, with the 62-year-old generalissimo confining nearly all his publishable comments to written answers to questions submitted in advance, Farnsworth said.

Chiang retired from the presidency of China last January but kept his leadership of the Kuomintang party. He declared in answer to one question that regardless of whether he holds any political office he could never "give up my revolutionary leadership" of the Chinese people as long as independence and freedom is yet to be achieved.

He answered "yes" to the questions: "Do you feel that if the Communist forces aren't now checked in China the Communist movement will spread through Asia?" and "do you believe this spreading Communist movement is part of a plan of the Soviet Union to dominate the entire world?"

The question with reference to American aid was: "How can China win this new war of resistance? What help does she require? Can the national government survive without foreign help? Do you expect a third world war?"

To this Chiang answered in part: "The first step, it seems to me, is for the United States to reactivate its policy of giving moral support to the Chinese government in its fight against Communism. Nor by her assumption of world leadership in the fight against Communism will the United States exclude China from the scope of her aid. Otherwise the future of the fight by the democratic countries against Communism will be gloomy indeed and a calamity for mankind will be irretrievable."

Asked if in his opinion there was any chance Chinese Communism would develop along separatist Nationalist lines, Chiang declared:

"By the very pronouncement of the Chinese Communist leaders, as well as by the history of their party, there is nothing to indicate whatsoever that the Communist party in China may break with the center of international Communism, the Cominform, as Marshall Tito of Yugoslavia apparently did."

Military misfortunes of the Nationalist government, he said, were due to Russia's not fulfilling her obligations under the Chinese-Russian treaty of 1945 to restore Manchuria to China, and to the hardships of the Chinese people in eight years of war with Japan.

## Will Start Work Soon On National Housing

WASHINGTON, July 6—(AP)—The administration hopes to start work on about 50,000 public housing units in the first year under the new housing bill.

This was announced today at the White House by Housing Administrator Raymond Foley, after a call on President Truman.

The housing legislation, now in a senate-house conference to iron out differences in the bills, will provide for 810,000 public housing units in six years.

## MOTHER, SON BACK TOGETHER AGAIN

BOSTON, July 6—(AP)—Gerald Sullivan and his mother, who hid him and his illegitimacy throughout most of his fourteen years, were reported together again in New Hampshire today, but evading public attention—after court moves failed to separate them.

Counsel for the woman said she and her son had become reconciled—that he now addresses her as "Mom." He had shunned her previously in a courthouse corridor meeting.

The mother, Mrs. Anna Sullivan, appealed an indefinite sentence to a women's reformatory last week and was released in \$1,000 bail.

Her attorney, Daniel J. O'Connell, posted \$10,000 bail to secure Gerald's release. He technically is under a charge of being a neglected child.

The boy's plight became a matter of public notice when he was found wandering on a south Boston street, clad in ragged girl's raiment and his uncut hair rolling in curls over his shoulders. He told a story of confinement in a room in his mother's home and displayed almost complete unfamiliarity with the outside world.

## County Praised For Its Unique Health Surveying

"Very few counties in the United States have available the basic material necessary for planning future health programs and all who had a part in this program should be justly proud."

With those words, Dr. John D. Porterfield, director of the State Department of Health, praised the Columbiana County Rural Health Council for its unique survey of rural health.

His comment appears as the concluding material in the health council's bulletin published for the Agricultural Extension Service by Ohio State University and the U. S. Department of Agriculture.

STATISTICALLY, THE survey probed the health of 16,790 individuals in 4,789 rural families; with 317 volunteer interviewers working through the county's 18 townships and Summitville.

Besides the individuals who went from home to home in gathering the data, chairmen of 16 township Rural Planning Committees had to summarize the information.

The township heads forwarded their summaries, and Youngstown College and the Columbiana County Extension Office made the final summaries.

The information was handed to the county council's publicity committee, which prepared the report with the assistance of the Columbiana County Agricultural Extension staff headed by Floyd Lower, and Sewall Milliken of the Department of Rural Economics and Rural Sociology of the Ohio State's Agricultural Extension Service.

THE COUNCIL acknowledged the aid of the Ohio Department of Health for the services of Raymond Lenart, health education consultant, in helping tabulate and prepare the material, and Mrs. Berna Livesay, bio-statistician, for final tabulation corrections.

Readability service was furnished by Ohio State's Bureau of Educational Research and Miss Avis Oxhandler, and Mrs. Mary Smith, head of the Department of Physical Education of Youngstown College helped in the tabulation.

The health council is a subcommittee of the Columbiana County Agricultural Council, and its membership of about 40 represents approximately 25 organizations or rural groups.

Its makeup includes the County Medical Society, County Board of Health, Farm Bureau, Grange, Parent-Teacher Association, County Extension Service, Coun-

ty Nutrition Committee, County Public Health League, County Health Department, Nurses Association.

Rural Planning Committees, school officials, city Boards of Health, Dairymen's Council, County Cancer Society, County Safety Committee, County Dental Society and 12 members-at-large representing lay persons.

The council's publicity committee included Mrs. Roy Archibald, president, and chairman of the council; Dr. Collin Kinsey, Dr. Guy Byers, Dr. B. B. McGuire, J. T. Darling, Miss Lillian Schroeder, Miss Helen Dovovan, and Mrs. Myrtle Troutwine.

### Hot Weather Pops Chicks Right Out In The Open

NEWARK, July 6—It has been so hot here that dozens of eggs, left exposed to the sun, hatched out chicks.

A hatchery had thrown several crates of the eggs, considered unfit for use, on the city rubbish heap.

Residents of the area, attracted by "peeps", were astounded to discover dozens of baby chicks cracking out of shells and crawling about.

Little boys gathered up boxes of them.

The humane society found the chicks so weak from the heat that it had to destroy them. Then the remaining eggs were covered with earth.

The temperature in Newark yesterday reached 94 degrees.

## Scouts To Hike On Old Canal Route

A small number of Boy Scouts and leaders are expected to take part in the ambitious hike project called the Sandy-Beach Canal trek, to be held in Lisbon July 14, 15, 16, and 17.

The trip involves two days on the trail, an evening of preparation, and a morning of a few brief reports and presentations. Scout units from all over Ohio, Kentucky, and West Virginia are eligible to take part, but so many other events have been scheduled that the number of units that will actually take part in the trip is unknown.

A special award, called the "Tuscarora Trail Award" has been prepared, and all units taking part in the trek will be eligible to receive it. This award is given to units that take part in the regular summer camp program of the McKinley Scout reservation, if they complete a satisfactory overnight pack hike along one of Columbiana's historic trails.

An additional "softer" trip for Scouters and others interested in the canal, is scheduled to travel as far as possible along the route in one day without packs.

R. Max Gard, canal historian, will orient the group with the canal history and the story of various landmarks, at a campfire on Thursday evening. The hike will take place on Friday and Saturday, and the plaques will be presented on Sunday morning.

# The Tribe Is On The Warpath! Has Won 19 Of Last 26

## Takes Third From Detroit, Fifth In A Row; Benton Gets Call For Next Try

CHICAGO, July 6—(AP)—The Tribe is on the warpath. Winners of five straight and 19 out of 26, the Cleveland Indians tonight tackle the Chicago White Sox in an effort to equal their previously high in straight wins for the year.

Veteran Al Benton gets the call for Cleveland to face young Bob Kuzava who sports a 4-1 record. Benton, with an earned run average of 1.54—lowest among Tribe hurlers—has won three and lost two.

From June 12 through June 17 Cleveland won six straight games and last night they won No. Five in a new victory streak from Red Rofe's Detroit Tigers, 8-1.

Lefty Frank Papish hurled seven-hit ball to dump the Tigers and take his first game this season. It also was his first victory for Cleveland since being acquired from Chicago last year.

By sweeping the three-game series with the Tigers, the Tribe advanced within six games of the Yankees. They also picked up a half game on the idle Philadelphia Athletics to move within two games of second place.

Tribe hitters—with the exception of Manager Lou Boudreau—made their presence felt early in the game. They cracked 14 hits in all and scored four times in the first two innings.

The Tribe greeted Righthander Marv Grissom with four straight hits worth three runs to start the ball game. Grissom, who had won two and lost none, was removed in the second.

With one out in the first, Ray Boone doubled to left and scored on a single by Mickey Vernon. Vernon, who took second when a useless throw was made to catch the flying Boone, scored on a single by Larry Doby. Doby took second on a wild pitch and scored on Gordon's single. The Tribe picked up another run on two singles and a walk in the second.

Gordon rammed his 13th home run with Doby on the fifth to give the Tribe a 6-1 lead. They added two more markers in the sixth.

Papish, making his second start of the season, was wild but effective. He walked five men in the first three innings and a walk, a double and a long fly scored the Bengals' only run in the third.

Boudreau, who entered the game with a 5.00 average for his last 26 at bats, went hitless in four trips. His bat was unneeded, however. Dale Mitchell, Doby, and Gordon had three blows apiece.

## DOM DI MAGGIO OUTSHINES JOE AS RED SOX WIN

### Little Brother Big Gun As Sox Drop Leaders: Tribe Gains One Game

By JOE REICHLER  
Associated Press Sports Writer

The youngest of the great DiMaggio clan, Dom, although enjoying his best year in baseball, has been shoved into the background by the electrifying comeback of big brother Joe.

Nearly all fans know that Joe has slammed five home runs since his return to active competition a week ago. But few are aware that Dom had made more hits than any other American leaguer and is second only to Detroit's George Kell in batting.

But Joe faded into the background last night despite his double, single and two walks in four times at bat for the New York Yankees.

Dom walloped a home run and triple and scored two runs to lead the Red Sox to a 4-2 triumph over the Yankees. This helped the Red Sox snap an eight-game losing streak. In addition, Dom made the fielding play of the game, coming up with a brilliant running one-handed catch of Leadoff Batter Phil Rizzuto's bid for a triple in the eighth. Since two walks followed, Dom's catch definitely saved the game for Boston.

Dominick's two blows gave him 93 hits for the season and boosted his batting average to .332. Joe is batting .414 but has played in nine games compared to 68 for Dom.

The victory cut the Yankees' margin over the idle, runner-up Philadelphia Athletics to four games.

The third place Cleveland Indians advanced to within six games of the Yankees, drubbing the Tigers in Detroit, 8-1.

The St. Louis Browns came up with six runs in the seventh inning to defeat the Chicago White Sox, 9-5. Paul Lehner singled with the bases loaded to drive in two runs, and when Catcher Joe Tipton let the throw home get away from him, then threw wild to third, everybody scored.

The second place St. Louis Cardinals cut Brooklyn's National League lead to one game by winning in 10 innings, 2-1, from Chicago while the Philadelphia Phils whipped the Dodgers, 7-2.

Ken Heintzelman, veteran Phils southpaw, allowed seven hits in racking up his 10th victory and his fourth straight over the Dodgers.

All games were played at night except the Cubs-Cards game. All other teams enjoyed an off day.

### Westville Fishermen Making Record Catches

Jack Newton, R. D. 2, Beloit, who had 282 blue gills up to Thursday of last week, has well over 300 now, all taken from Westville lake.

He has a rival in Floyd Hoffman of Alliance. Hoffman fishes in the evenings because he works in the day. His record since the season opened is as follows: Blue gills 173; perch 13; longest blue gill 9½ inches; longest perch 12 inches.

He weighs each catch. The total weight of all perch is 8 pounds. The total weight of all blue gills is 65 pounds.

Thursday the blue gill catches that came in at the landing were small, but Hoffman had eighteen. Lake cabins are now fully occupied, and the tents and trailers are starting to roll in. The bathing beach attendance is increasing, and there is only room in the picnic pavilions Sundays, during July and August, manager Arthur Dundon reports.

CROWD PLEASER—Jackie Robinson is far and away the most spectacular player of the game—in the field, at bat and on the bases. The Brooklyn second baseman leads the National League in batting, runs-batted-in and stolen bases.

## Everyone Counting BoSox Out Of Race; Everyone, That Is, Except McCarthy

By OSCAR FRALEY

NEW YORK, July 6—(UP)—Everybody was counting the Boston Red Sox out of the American league pennant race today—everybody but the Red Sox and Manager Joe McCarthy.

Never a great man with the glad hand, Marse Joe was surprisingly affable and optimistic as the second half of the flag chase got under way. That's surprising when you consider that the fabled July 4 deadline found the garterless Sox drooping 12 games off the Yankee pace, a new low for McCarthy's two-year tenure at the Boston helm.

With Joe it's a matter of breaks, percentages, precedent and a long voyage home. "We aren't happy about how we've been going but when you're losing you get bad breaks and a winner gets them," Joe said. "They'll even up."

Take it from McCarthy, the Red Sox cause isn't as hopeless as it looks. "Look at those percentages and you'll understand," he explained. "We are playing close to .500 ball and a team won't have to do much better to be in there."

Actually Joe has a good point. On Independence day, the Red Sox were only one game off their 1948 July 4 pace. At that time they were "only" eight games back of the leading Indians. But the Yanks this year were setting a much hotter pace, playing .658 ball compared with Cleveland's leading .631 average at the same period last year.

So it evolves into a question of whether the red hot Yankees will taper off and come back to the pack. Marse Joe seems to believe that they will.

"There's still a long way to go," McCarthy mused, "and this baseball is a funny game. In football, a good club can beat a mediocre team almost every day. But not in baseball. Here anything can happen—and usually does."

The Buffalo Irishman pointed, as proof, to incidents in the past where the leaders dropped a big edge to blow the pennant.

"Once with the Yankees we were 8½ games back in August and went on to take the lead, even though we finally lost to Detroit," he contended.

"The Giants in 1935 were leading by nine games on July 4 and lost to the Cubs," Joe added. "Pittsburgh blew too, once in 1921 when it had a seven game lead on its last eastern swing, and again in 1938 when it had a five game lead after Labor day."

"And remember it happened twice to the Dodgers," McCarthy summed up. "They had a 9½ game lead in 1942 and an 11½ game lead in 1946—and blew them both."

Maybe McCarthy is just whistling past a graveyard, trying to preserve appearances in the face of disaster. But baseball men always point to those "miracle" Braves of 1914. They were 15 games back, in last place, on July 4—and won by 10½ games.

Being Irish, Joe probably believes in leprechauns, miracles and such. He certainly gives that appearance.

## UGLY OLD CLUB DISQUALIFIES CANTON SOLDIER

### Professional Charlie Rotar Shoots Way Into British Open, Is Ousted

SANDWICH, England, July 6—(AP)—An ugly looking old golf club with a broken nose kept the United States army from having a representative in the British open championship play opening today.

The club in question is responsible for Sgt. Charlie Rotar of Canton, Ohio, a professional stationed in Frankfurt, Germany, being sidelined as 96 challengers tee off at the Royal St. George's course in the 72-hole medal play tournament.

Charles brought the club with him from Frankfurt. It was his favorite putter—a handmade, goose-necked type with an aluminum head. Rotar used it when he stroked a respectable 74-76—150 to land among the qualifiers yesterday.

The Royal and Ancient Golf club of St. Andrews' tournament sponsors informed him he was disqualified for using an illegal club.

The British golf fathers objected to the implement because if the shaft were extended down from the goose-neck it would hit the middle of the head instead of the heel.

"I've been here eight days," moaned Rotar, "and I've used this putter every day. No body ever said anything to me about it. Why did they wait until I had qualified and then give me the boot?"

The Rotar ouster left only three Americans in the chase for the crown vacated by Britisher Henry Cotton.

The leading Yank is big Johnny Bulla, professional from the Westmoreland C.C. in Pittsburgh, who carded 69-72-141 in the two-day qualifying round.

Frank Stranahan, the amateur from Toledo, Ohio, finished five strokes behind Bulla, with 71-75-146. The last American representative is the 57-year-old transplanted Englishman, Willie Hanter, now a pro in Los Angeles, with 73-78—151.

NEW YORK, July 6—(AP)—Maybe Ezzard Charles can't cartil Joe Louis' gloves but he's beating the Brown Bomber's track record for a first title defense.

The lean young Negro from Cincinnati who won the NBA share of Louis' vacated heavyweight championship at Chicago June 22, has agreed to defend his crown Aug. 10 against Gus Lesnevich, the former world light heavyweight king.

New York's Yankee stadium will be the site of the 15-round bout to be held only 49 days after Charles won the crown by outpointing old Jersey Joe Walcott.

Eddie Egan, chairman of the New York State Athletic commission which insists on a "tournament" to determine the heavyweight champion, said he would not recognize it as a title fight. Thus Charles will be making the first defense of his NBA crown in a non-NBA state that doesn't recognize his right to the throne.

## SAXONS, JAYCEES HAVE RUNFEST IN ONLY CLASS A GAME IN SALEM THURSDAY

The Saxons and Jaycees, playing off a postponed Class A softball game, had a runfest at the West End park Tuesday—the only game played in either the American or National leagues.

The hard-slugging Saxons ended up top-dogs, 5-10, pounding out 13 hits to turn the chore. The Jaycees laid out 11 solid blows but couldn't make them into enough tallies to keep on the pace.

Coy managed two for three, Curran three for four and Wagner a like amount to fatten their batting averages. The Jaycees played the game with only eight men and as a result chalked up six errors.
